

REMARKS BY THE INSPECTOR-GENERAL, NATIONAL POLICE SERVICE,
AND PRESIDENT OF AFRIPO, MR. HILARY MUTYAMBAI, MGH, (nsc)
AU, DURING FLAGGING OFF THE AMANI TORCH RUN -2022 ON 28TH
JUNE 2022,

- ❖ The President and Managing Director Special Olympics Africa Region,
- ❖ Chairman, NCIC,
- ❖ Distinguished guests,
- ❖ All protocols observed,
- ❖ Ladies and Gentlemen,

Good morning,

I feel privileged and honored to join you today as we officially flag off the 2022 Amani Torch Run and light a torch of hope as a pledge to promote inclusion and peace.

The Amani Torch Run is a national campaign led by persons with intellectual disabilities and law enforcement officers to promote peaceful coexistence among the communities before, during, and beyond the upcoming General Elections.

The National Police Service is collaborating with the National Cohesion and Integration Commission (NCIC), the Special Olympics, and other stakeholders to accomplish this mission.

We believe that the 2022 Amani Torch Run will provide on and off-the-track experiences that reinforce a culture of acceptance, tolerance, and inclusion among our communities.

This run will support our efforts as the National Police Service as a key player in the electoral process. We are committed to accomplish our role by ensuring that all laws relating to the electoral process are enforced and upheld to provide a safe, secure, and peaceful environment.

We, therefore, call upon all Kenyans to continue being Goodwill Ambassadors in promoting unity and peaceful coexistence.

Let me take this opportunity to thank all our stakeholders, sponsors, partners, and volunteers for your unwavering support over the years.

Finally, I am delighted to see the passion that all the participants have for running and indeed for the Amani Torch Run. I applaud your commitment and I am sure many other people will be inspired to live a more sporting and active lifestyle.

Thank you.
